RESOLVED:

REFERRED:

If grievance is denied, give reason for denial. If affirmed, state what corrective action will be taken (if applicable):

These findings are based on a review of your grievance dated October 19, 2007, and information collected from Santa Rita Jail Staff. In your grievance, you made the following claim(s):

In your grievance, you claim multiple unintelligible issues.

Response:

The Grievance Unit has ordered that you submit one issue per grievance. Furthermore, you were ordered to leave out all legal jargon and include only those issues directly related to your complaint.

You failed to follow the orders given to you by submitting an unintelligible grievance that contains legal jargon, multiple issues and no specific details.

Your grievance is DENIED.

Swede,

KUNE-PEEBLES, CSAA

I am in receipt of your letter. I have been unable to work on your prosthesis due to lack of a legal prescription as required by Medicare. The doctor you listed as your physician states that he has never seen you for examination and he is unwilling to write a prescription on that basis.

If we had a legal prescription, I would still be unable to send your prosthesis as it has never been fit or aligned. These steps are necessary to ensure correct fit and function of the prosthesis prior to finishing it.

In my opinion you have several options:

- Obtain a new prosthesis through the corrections system
- Obtain a new prosthesis from a private vendor in California upon your release
- Return to Colorado after your release and continue working on a new prosthesis here

It makes sense to try and adapt your old prosthesis to be functional until such time as you can obtain a new one.

I called your grandson Mike and left a message on his answering machine to call me regarding your situation, as you requested. I tried to call your grandson Chris but the number you gave me connected me with another party.

Enclosed are 3 copies of the Petition for Writ of Habeas Corpus that you requested.

If I can be of further service with regard to your obtaining a new prosthesis, please contact me.

Sincerely,

John D. Hatch, C.P.O.

Dear Mr. Nelson:

As you are aware, I was retained by your insurer, California State Automobile Association, Inter-Insurance Bureau, (hereinafter "CSAA-IIB") to assist in the resolution of the above-mentioned claim under your policy of insurance with CSSA-IIB. I am writing to advise you of CSAA-IIBs' determination of your claim.

Nelson vs Laro ROBERT #1143 FOR \$10 million - FIRE BOMBING of \$2,500,000
 For the following reasons CSAA-IIB has declined your claim in its entirety. Judge - UPON SERVICE
City of San Leandro # (925) in CSC 06-1272

As you are aware we required additional information to respond to your claim. Initially CSAA-IIB wrote to you to request that you provide a recorded statement. You failed to cooperate with this request.

You were then notified that we required your examination under oath (EUO). We notified you by letter that your EUO had been scheduled for June 1, 2007. In that correspondence you were notified that your failure to cooperate in your EUO would be grounds for denial of your entire claim. You were asked to call the undersigned to confirm your appearance at the EUO. You failed to confirm your appearance at the EUO and all attempts to contact you by telephone at the telephone number that you had previously provided to CSAA-IIB were unsuccessful. The June 1, 2007 EUO was cancelled.

We rescheduled your EUO for June 12th, 2007 and notified you of this date by certified letter. The EUO went forth as scheduled on June 12th, 2007 but you failed to appear. The certified letter was subsequently returned.

The policy of insurance under which you made your claim states in SECTION I - CONDITIONS 2. Your Duties After Loss section "d. (3)" that a Claimant is required to
